BLACK JACK

Our commitment to bring one of the oldest and most successful games in casinos around the world to your game room.

BLACKJACK

For new players, it incorporates help that facilitates quick and enjoyable learning; for experts, multi-hand option and simultaneous tables.

- Configurable up to 4 simultaneous tables.
- Additional bets.
- High quality electronic peripherals.

GAME FEATURES

- Simultaneous game up to 4 tables.
- Possibility of enabling between 2 and 4 game tables.
- Possibility of adapting the black jack rules of each game table.
- Additional bets: Lucky Aces, 21+3, Lucky Lucky, and banker bet.
- TITO Ready.
- Fast and dynamic game that adapts to the speed of the player.

TECHNICAL SPECIFICATIONS

- 65” main screen.
- 21.5” resistant secondary screens of projected capacity technology.
- Recycling wallet.
- USB charger.
- TITO Printer.
- Measurements: 1730 x 2150 x 2020 mm.
- Weight: 560 kg.

High resistance touch screen

New 21.5” TCP screen. Offering to the player a large screen, with better resolution and visibility of the game, and a high-quality resistance for greater durability in the establishment.

Game Pause Mode

The player will have the “pause” button available on his screen. This option allows you to pause the game on your terminal and turn on the satellite in case you want it to be blocked for a limited time without another player being able to use it. This is a security option for the player, so that if he needs to stop playing for a few minutes without removing his credits from the game, he can resume it without having to start over, and in the same terminal.

Player help mode

In the menu located at the bottom of the screen, the player will have the HELP option that will help them with the rules of the game if necessary.

Multiple screen option with visualization

The player will be able to have on the same screen the possibility of several Black Jack games at the same time according to his preferences, thus giving greater and better visibility on the different bets he has made, in a more comfortable and easy-to-read size for him.

Virtual croupier option to sing the results

This new option is available to the operator so that they can configure 3 different dealers available in the Host, where they will announce the results of each bet and offer the player an improvement in the gaming experience and realism.
